BACKGROUND/EXPERIENCE

Technical Support – HP Concentrix

Nov 2022 - July 2023

- Help users through diagnostic and troubleshooting procedures, which may involve using software and hardware tools by giving them verbal instructions
- Top 3 Agent – Quarter 2 of 2023

Software Developer – Freelancing

Feb 2022 - June 2024

- Completed projects, implemented enhancements, and resolved critical issues to improve performance within an Agile Environment.
- Conducted code reviews, maintained documentation, and managed code with version control.
- Ensured an intuitive system navigation by refining the web design during the development process.
- designed newsletters for product/application presentations to our clients.
- Offered admin support, created visuals with Canva, researched blockchain and company startups, conducted ICO analysis, scraped application tech stacks, fixed bugs, and contributed to software development. The resulting report highlights recommended startups, showcasing my versatility and contributions.
